ReddiSpace

ReddiSpace

Introducing ReddiSpace, the ultimate solution for a private and focused environment. Our premium acoustic booth combines functionality and style for an enhanced productive workspace. For moments you need a quiet space to concentrate and minimize distractions, **ReddiSpace is ready**.

Soundproofing

Designed with exceptional soundproofing performance, providing a private and distraction-free environment that allows users to focus, communicate, and work without interruptions from external noise.

Adaptability

Equipped with a convenient work surface, lighting, and plug-and-play power, ReddiSpace is highly adaptable in any setting. With casters, these booths are mobile, allowing you to easily move and place them in different locations within your workspace as needed.

Customization

ReddiSpace offers customizable configurations in size, finish, and materials, allowing you to create a modern and professional look that complements your brand's identity. Customize and design a cohesive and polished aesthetic in your workspace that reflects your unique style.

UL Certified

ReddiSpace has undergone rigorous testing and complies with industry standards. Engineered with stability and security in mind, ReddiSpace is UL certified, meeting recognized safety requirements and providing a safe and comfortable station for your work environment.
